EXPERIENCE

Graphic Design – Content Creation Specialist Aug 2025 – May 2026

CU Denver – Lola & Rob Wellness Center • Denver, CO

- Designed flyers and social media posts promoting campus wellness events; **led one event's full visual identity end to end**, from print promotion to merchandise including T-shirts and stickers.

Graphic Designer May 2025 – Jan 2026

Legacy Sign Studio • Signage, branding & installation

- **Designed and hand-coded the company website** in HTML, CSS, and JavaScript using Cursor and GitHub.
- Managed **~5 client sign projects per week**, from concept and production files through client communication and installation.

UX/UI Design Intern Aug 2024 – Mar 2025

Sybil Health • Women's health startup focused on perimenopause

- **Conducted competitive research and design testing** and turned insights into wireframes, mockups, and UX/UI designs, collaborating with a cross-functional team.
- Regularly created social media content for the brand.

Graphic Design Intern Jun 2024 – Oct 2024

Resilience Inc. • K–12 educational videos on behavior and psychology

- Designed graphics and **animated sections of educational videos**, collaborating with animators, voice actors, and script writers.

Stylist • *Banana Republic* May 2023 – May 2024

- Delivered customer service and phone support in a team-based retail setting.

UX/UI Design Intern May 2022 – Aug 2023

BKV Productions • AI enterprise applications

- Maintained the company's WordPress website using UX/UI principles; learned Figma and C++ fundamentals.

University of Colorado Denver • Denver, CO

Relevant Coursework: Interaction Design I–III • Topics in Digital Design: Accessibility & WCAG • Coding for Interaction Design • Design Studio I–III • Typography Studio & Typography II • Motion Design I–II • Color Theory • Design Thesis Research & Project • Introduction to Media Studies • Professional Presentations

PROJECTS (full case studies at bdeeha.framer.website)

- **Somnia – Dream Journaling App (UX Case Study)**: Ran user interviews and concept testing, then translated the findings into information architecture, interaction design, and a full mobile prototype.
- **Jugnuu – Senior Thesis (Brand + Web Experience)**: Researched the art-supply market and user behavior, then designed a sustainable paint brand, packaging, and a Figma storefront website; exhibited with an interactive iPad prototype.
- **SHEIN Accessibility Audit (WCAG)**: Audited the homepage, category, product, and cart pages for alt text, color contrast, keyboard access, page structure, and screen-reader issues using WAVE; documented findings in a scored report.
- **Type & Tech – Responsive Festival Website**: Redesigned the Lahore Music Meet site based on audience research and built a responsive prototype in HTML, CSS, and Bootstrap.
